HOW ARE WE TO KNOW.

Dealers say how are we to know that Dr. Price's Cream Baking Powder and Flavoring extracts are unsophisticated? Know it, because they pever fail to give satisfaction. Know it, because they know the other kinds are bought at a less price than the materials for pure articles can be had; a price go low that it points at once to adulteration. If the seller would inform his customers that he could not answer for the quality or purity of the cheap kinds sold, there are very few persons who would prefer the adulterated articles to Dr. Price's genuine, although the former might be apparently cheaper.
